Rounders

Summer 2 2022

For the first two sessions we practised our catching and batting skills!

I've got better at catching now that I make a bowl with my hands!

I find throwing with an under-arm easier.

We then spent a lesson perfecting our fielding skills.

I had to keep reminding my team to throw the ball to each other!

We spent the last few sessions playing rounders making sure we were confident with the rules of the games!

I had to keep reminding myself not to run in front of the stumps!

What I have learnt before:

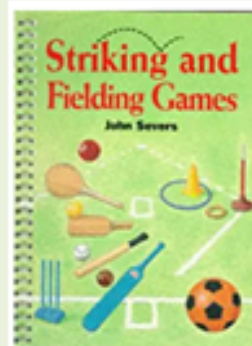

I've learnt how to master basic movements, developing balance, agility and coordination. In multi-skills, I have learnt how to properly catch and throw a ball.

**Forever Facts**

A rounder is scored by the batting team when a player hits the ball and runs around all 4 posts.

The four posts on the pitch which batters must run around to score a rounder.

In a match both teams bat and field twice, the winning team is the one with the most rounders at the end of the game.

Exciting Books**Our Endpoint**

To apply the skills learnt over the unit to play a match of Rounders.
