<p>Planned questions to raise/ areas to focus on: How was your meeting with your teacher? Did it help you to understand how your child is doing? Did it help you to understand what your child needs to work on next? Did it help you to understand how you can support your child at home?</p>	
<p>Previous visit: Progress on agreed actions and Impact</p>	
<p>Observations and Discussions A large number of parents were spoken to by myself, each parent was more than happy with how their meeting went with their child's class teacher. Parents felt they had been adequately informed on their child's progress and were knowledgeable on what the next progressional steps were for their child, and how they were able to help support their child's educational development within the home environment. There were a number of parents who wished add comments on a couple of teachers and the comments were very impressive. Parents were extremely satisfied with Foundation class and year 3 teachers, teaching skills and the time and effort put into 'learning journals ' and lay out of work within this class. It was noted that several parents believed their child had made great progress in year 3. One particular parent commented on the fact their child felt 'safe and secure ' within the classroom with their teacher, and that teachers were very supportive of pupils.</p>
