

PSHE –
Changing Me

Summer 2 2022

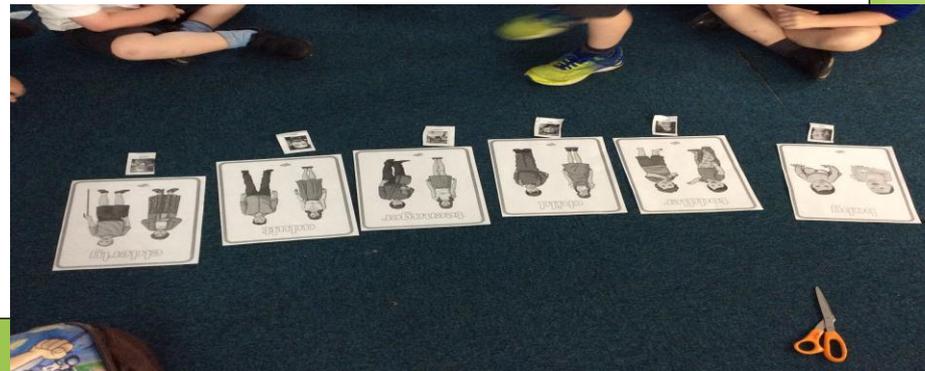

Life cycles

I found the adult to my offspring picture.

A baby can only crawl but a toddler can walk.

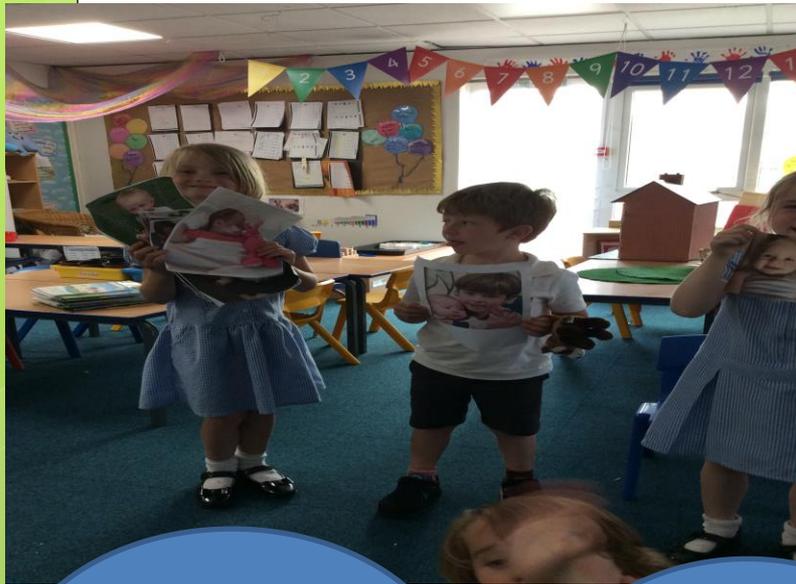

I am a child at the moment but when I am 13 I will be a teenager.

How have I changed since I was a baby?

I couldn't walk here, my mummy had to carry me.

I couldn't write my name when I was a baby.

I am taller and have longer legs now.

I have more hair from when I was a baby.

Changing to a new class – fears and worries

I am moving to class Cremyll where I will be a year 1.

I feel confused because year ones usually stay in Plym classroom.

I am not looking forward to homework.

Sad and excited because I am going to miss you but I am excited to sit on chairs and do intendent work

I feel a bit shy because there will be lots of people and we will do lots of sitting on the carpet.

Fears and worries continued after our first transition

I liked the bit where we voted for what things we would like in the class next week.

I like that we will get to have lots of books when we are in class Cremyll.

Miss Mackie was really kind and funny.

Reflecting on our time in Reception

I have liked choosing time and learning to read. I can't wait to be Cremyll class and be able to go on the big monkey bars on the play equipment.
