

Music

Listening to live and recorded music – music appreciation.

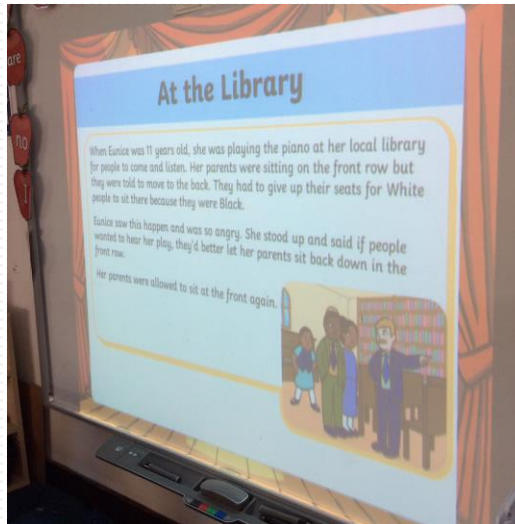

Summer 1 2022

Nina Simone

I like that it's black and white. That means it must be really old.

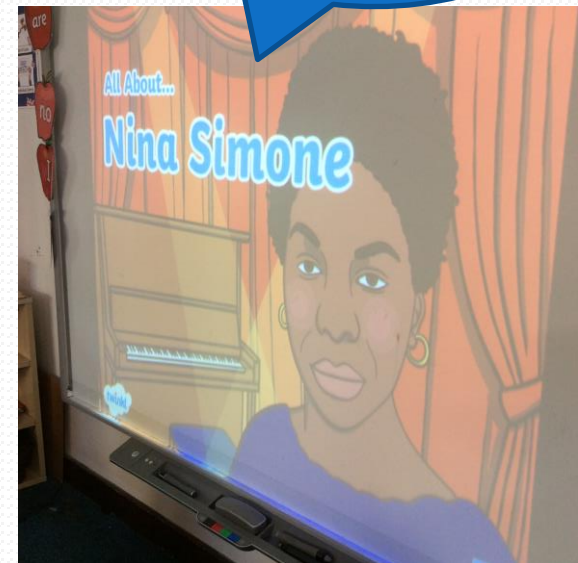

-I like her music, she has a deep voice and I like a low, deep voice.

She has black skin and was treated badly like Mary Seacole.

I think she sounds like she's a man. I like that she can play the piano and sing.

A live performance

We were very lucky to have a music performance from children throughout the school.

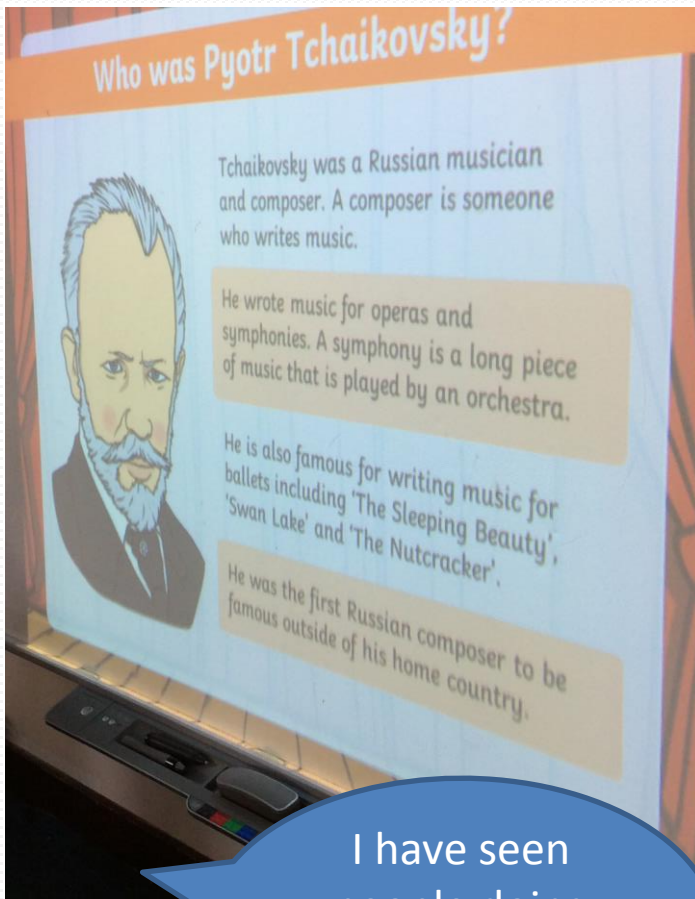

I like the guitar because they played it with a special thing (plectrum). I think the sound is nice.

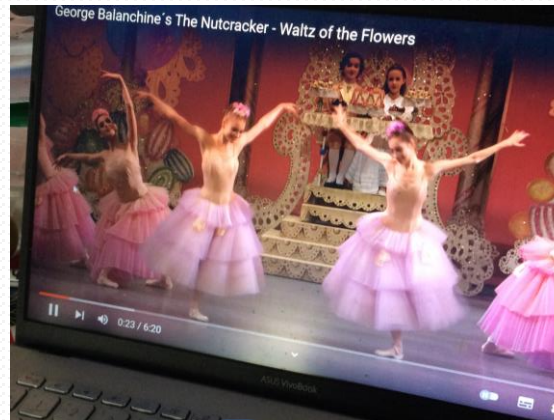

Electric guitars have thicker strings and hurt your fingers so you need a plectrum but acoustic guitars have softer strings and you don't need a plectrum.

I like the cello because it made a loud sound.

Pyotr Tchaikovsky

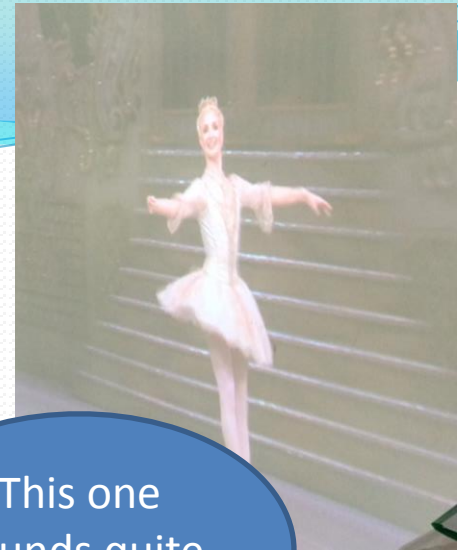

I have seen people doing ballet to music like this before.

I have heard this on TV before!

He is a composer because he wrote the music. Musicians play music.

This one sounds quite gentle.

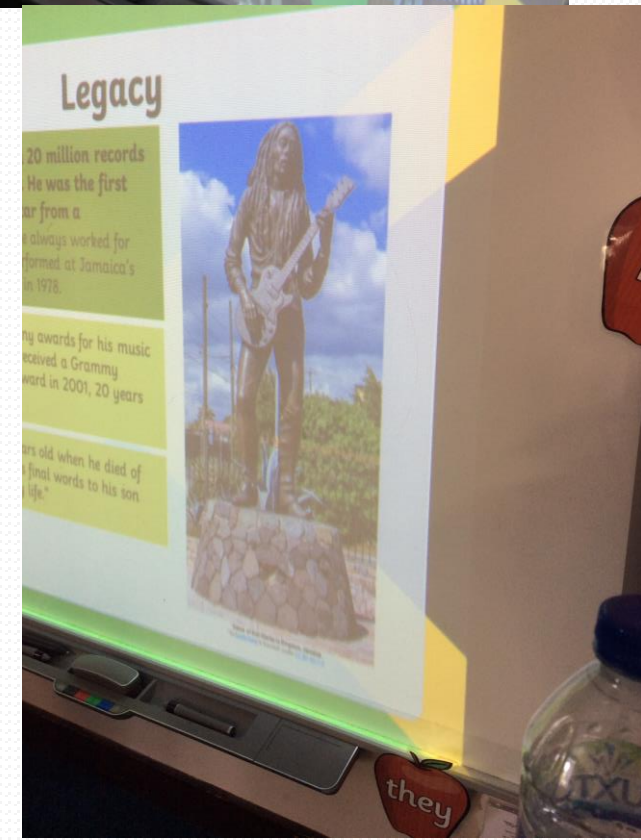

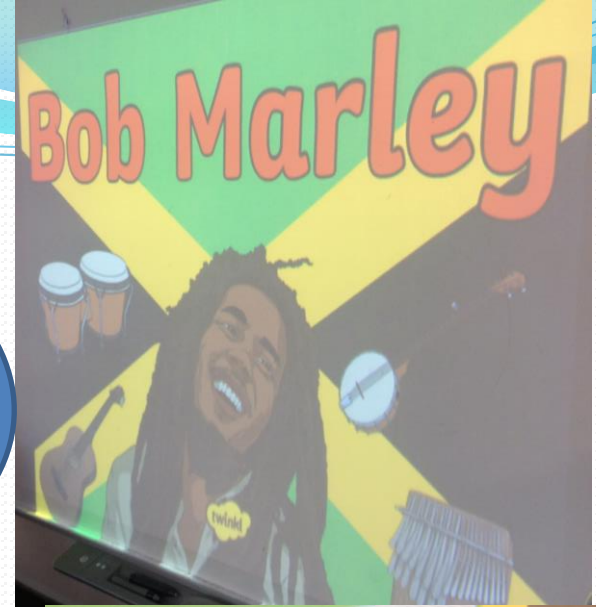

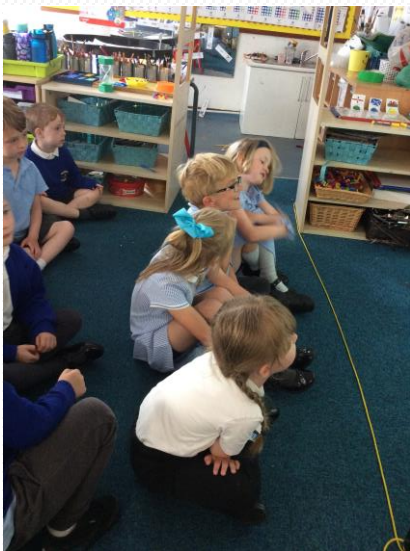

Bob Marley

I don't like it because it is annoying and loud.

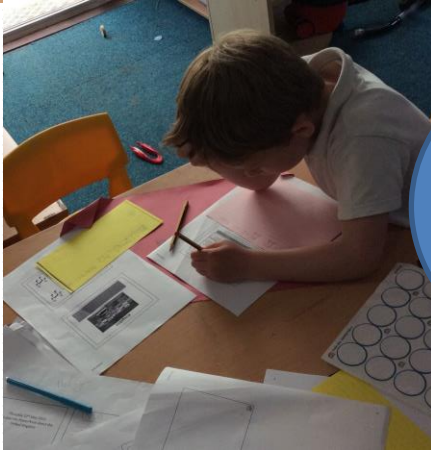

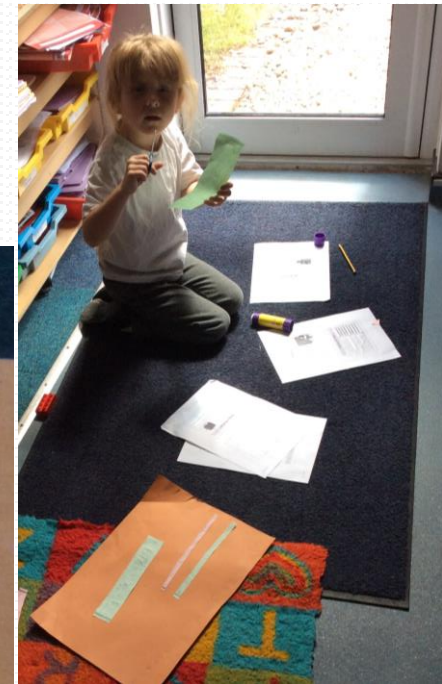

It was nice because it was gentle.

I saw people smiling when the music was on.

It is loud. It's calm, it makes me want to dance and move my body. I pretended I had a guitar in my hand.

Our final posters

I'm writing that
Bob Marley is a
very good singer.

What is the flag
for Russia
because that's
where
Tchaikovsky is
from?

MUSIC

FLE YR 1

Live and recorded music from famous musicians

What we already know:

- In class we often listen to recorded music.

Our Endpoint

A poster to inform about a composer.

Forever Facts

I know that music can be created by anyone: male, female, black, white, rich, poor etc.

I know some information about Nina Simone, Bob Marley and Tchaikovsky and how they created music.

Culture Capital

- Future jobs: musician/composer, music critic.
- Giving children an experience of the Arts and how different music portrays different cultures.

Subject Specific Vocabulary

Musician	The person who performs the music/instrument/song.
Composer	The person who writes the music.
Live music	Music that is being played in front of you at that time by the people who are making it.
Recorded music	Music that has already been played and can be repeated whenever you play it again.

Skills

- I can talk about how music makes me feel: what I like and what I dislike about it.
- I can listen carefully to music and identify some of the instruments being played.

Exciting books
