# I can discover adjectives and link them to what is in my house.

You need to make sure you use the correct grammar for masculine and feminine words.

I know that family members vocabulary changes depending if they are male or female.

I can independently describe, orally, what is in my house using a bilingual dictionary.

I was able to confidently say who lives in my house – j'habite dans un maison avec ma mere et mon pere.

English: Knife. French: Couteau.  
English: Bed. French: Lit.  
English: Mat. French: Paillasson.  
English: Watering Can. French: Arrosoir.

I could describe the rooms I have in my house – j'ai deux chambres et une salle de bain.
