

**Singing**  
**MUSIC**  
**Performance**

**Autumn 2 2021**

**Class Lynher**

At first when learning the songs it was hard because we hadn't heard the tunes before.

The songwords helped with our confidence and we could read them at other times to learn them and towards our weekly reading

We had to remember that on the first line of the first song it was dock not docks which was tricky as it rhymed with Goldilocks

We had to take care not to go too fast when we had learnt them. We had to listen carefully for the music cues.

When you got on stage you felt nervous but when you did it you felt like you had achieved everything.

This was the best play we've ever done because it was more joyful and you could put lots of enthusiasm in.

I had to get the right timing and not get muddled up with the different verses.
