

# Design Technology FLE 3/4 How do I make a juggling ball?

## Personal development

Children understand that everyday items have to be designed and created.  
Exposed to possible jobs in fashion, textiles and entertainment.

## Skills

- I can use running and overcast stitches
- I can use evaluation of products to inform my design.
- I can measure and cut materials.

## Forever Facts

- I know the names of different stitches.
- I know that fillings can be made of different materials.
- I know that some stitches are better than others for different purposes.
- I know that I need to be careful when using needles and scissors.

**What I have learnt before:**  
Kites, joining and strengthening.

## Exciting Books

## Our Endpoint

I can create a juggling ball.

## Subject Specific Vocabulary

Running Stitch	a straight stitch where the needle is passed in and out of the fabric with a regular pattern.
Overcast stitch	a stitch that closes the edge of the fabric.
Evaluate	looking carefully at a product and identifying what makes it good and how it can be improved.
Threading	is the process of putting the thread through a needle and knotting it.
Fillings	are different materials that can be used inside a sewn object.
