

# Wild Tribe Unit

Coach teaching lessons to upskill class  
teacher

# Fire making, toast and dandelion jam

Wow, real fire!

I had to pull the striker 7 times before it made a spark

The sticks have turned black, they're burnt

# Medallion making

My Wild Thing  
has red horns  
and mine  
makes the air  
green

The drill is  
quite  
heavy!

# A wattle and daub structure

I have to go  
over and under  
to do the  
weaving

It's got enough  
mud and water  
and straw so it's  
sticking together

I think I need  
two hands to  
cut this!

I'm using the  
tool and then  
the slip to stick  
it together

A WILD  
THING! ..  
With horns.

# Sawing and whittling to make a .....

The glue is hot so I have to be careful

It's hard to pull the saw back!

..WILD THING!

# Using natural resources to decorate a wild monster

Daffodils make the paper go yellow

The stick is good for brushing the mud paint on

Grass makes the paper green!

# Sawing to make a class xylophone

Glove on  
your non-  
writing hand

Remember to  
put your hand  
over the top

# Sound postcard and a natural tin instrument

I used a hammer and it made the flower print on the material

Hearing a car makes me nervous because it ruins the planet

I can hear a car and a robin

# Using a fire to make Ink

WOW! It  
has  
changed  
colour to  
black

We have to  
give the fire  
more sticks so  
it doesn't go  
out

It looks like  
squid ink

I am good  
at  
mashing

# Using loppers and a glue gun to make a flag and writing with a quill and our ink

The glue gun is so hot so I have to be careful with my fingers

It's hard to use the cutters, the stick is too thick, can you help me?

# Using a drill to make a 'Wild Thing' spying tool

# Bad weather.. Indoor rock felting.

My strength is  
cuddling. I  
want to get  
better at  
writing.
